Syclone™
Amalgam Separator

The Syclone™ Replacement Canister is a cost-effective solution that extends the time between changes due to its larger capacity.

1.5x Larger

canister capacity.

Compatible* with the Solmetex® Hg5® System

- **ISO 11143:2008 certified** by NSF International to deliver >99% amalgam separation when used with the Solmetex® Hg5® System
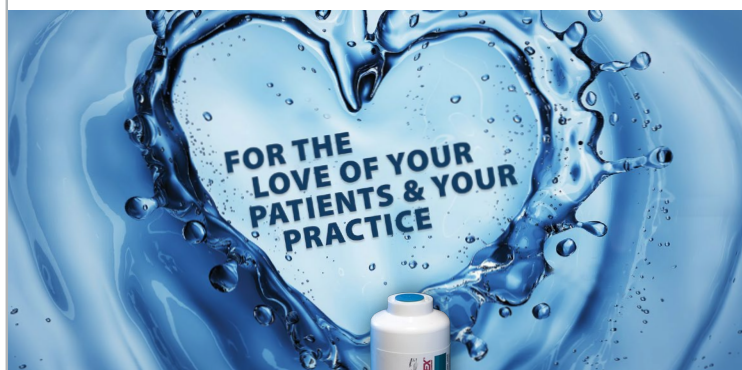

- **Does not contain sand,** leading to better suction due to less vacuum pressure loss
